**Payroll Forward Accruals/Reversals — Fiscal Year End**

The payroll forward accrual amounts represent the number of workdays in June that are paid in July - in other words, the wage and benefit amounts that were earned in FY 2024 but paid in FY 2025.

The payroll forward accrual is dated 06/30/2024 and estimated using the wage payments made on the last biweekly payrolls of the fiscal year.

The accrual reversal process is required in FY 2025 to back out the FY 2024 payroll forward accrual charges. The biweekly payroll accrual reversal reflect the credit(s) for the exact amount of the payroll forward accrual(s) charged to your account on June 30, 2024 (FY 2024).
Final Wage and Student Payrolls for Fiscal Year End Wage Payroll
The last wage payroll period to be processed for FY 2024 ends June 28. Since the period end is 06/28 and 06/29 and 06/30 are the weekend, there will be no wage accrual for FY 2024. Time for the period ending June 28 should be submitted and approved in Time Tracking by 11:59 p.m. on Monday, July 01, 2024. The pay date for this payroll is July 5, 2024. Departments will not see charges for the final wage payroll of the fiscal year until after payroll completes on Tuesday, July 2, 2024.

Student Payroll
The last student payroll period to be processed for FY 2024 ends June 21. Payroll expense through June 30 will be accrued by allocating 50% of the charges from the June 08 – June 21 pay period. The accrual will appear on June ledgers with the Journal Source of Payroll Forward Accrual. Time for the period ending June 21 should be submitted and approved in Time Tracking by noon on Tuesday, June 25, 2024.

Costing Allocations for Period Activity Pay (PAP)
When processing costing overrides for period activity pay, please be aware of mid period end dates. If the Activity End Date falls mid period, then the Payment End Date should be the Period End Date for the Employee Type. For example, if the activity end date is 10/5 and the employee is in the academic pay group, the payment end date should be loaded as 10/14.

Please be aware that these overrides are not supported in the retroactive pay process. If the period activity pay is submitted late the costing will revert to the worker position costing allocations. In these cases the department will be required to complete a Payroll Accounting Adjustment to correct the costing.

Teachers Retirement Audits
Teachers’ Retirement System of LA (TRSL) audits payments made through both Payroll and Accounts Payable. Past audits have found that many contractor payments were made to employees, former state employees, and TRSL retirees, for services that the State of Louisiana deems subject to TRSL retirement contributions. The contractor information form, PUR_CR, required by Procurement Services contains the question “Is the contractor a current or retired member of Teachers’ Retirement System of Louisiana?” It has frequently been found that those with audit findings answered ‘No’ to this question, when the answer should have been “Yes”. If an audit finding is indicated, the contractor will
be enrolled in TRSL, an accounts receivable will be set up to collect the retirement contributions that should have applied to the payment, and LSU will owe interest and penalties on the unreported earnings. When departments consider contracting with a former or current TRSL member, please remember that if the services provided would make the employee eligible for membership in TRSL if provided full-time, the individual must be employed with LSU and not contracted. This will ensure that the person is enrolled in TRSL, following the employment eligibility rules, and that retirement contributions are deducted and remitted. Kade Kieschnick in Payroll or Belinda Doyle in Human Resources can help to determine if the potential contractor needs to be hired and enrolled in TRSL instead of being paid through Accounts Payable.

roles tab under the grant. Any past due reports must be submitted to SPA at that time also.  

- Cost transfers to correct expenditures through the May 31, 2024 ledger are due by June 7, 2024. All FY 24 cost transfers are due by July 12, 2024.  

- Restricted accounts should never be in an overdrawn status. In some cases, when a multi-year agreement or incrementally funded agreement or a pending request for additional funding, is in progress, there could be an overdraft. Please review all grants accounts using the Grant Balances – Department report to ensure all accounts have an acceptable balance.  

- If there is a tentative account number for a State agency, please route the fully executed agreement through the appropriate Office of Sponsored Programs by June 20, 2024. SPA must ensure compliance with the invoice and financial report deadlines.  

- Any expenditures incurred in FY 2024 but not paid as of June 30, 2024 should be accrued. Please see Accounts Payable & Travel’s instructions for year-end accruals.  

- Annual and final technical reports for BOR projects are due to BOR by June 30, 2024. If the final report is not received by the deadline, the principal investigator is at a great risk of losing any additional scheduled payments. SPA will transmit the required expenditure reports to BOR.  

- Payroll Accounting Adjustments (PAAs) for retroactive changes in source of funds effecting FY 2024 activity should be processed no later than July 7, 2024 to guarantee the change will be reflected in FY24. If applicable, a completed AS227: Justification for Retroactive Personnel Form must be attached to document why the expenditure is being moved to the new account. Also, please ensure employee account splits are accurate in order to document time & effort and salary cost sharing.  

One-Time Payments  
When loading one-time payments, please ensure the beginning and ending dates are correct and that the accounts being charged have funds available. This will help eliminate delays in approving.  

National Science Foundation (NSF)  
Salary paid to senior project personnel on NSF-funded grants (including NSF pass-thru awards) cannot exceed 2 months of their regular salary in any one year. A year is based on a fiscal year beginning July 1 and ending June 30.  

REU Programs  
Students participating in REU programs can only be paid as a student worker if they are working with the PI on his/her research. If the students are at LSU conducting their own research, their payment should be processed as an award through the SAE system.  

Checks  
Baton Rouge campus departments should promptly forward checks for sponsored agreements to SPA, 204 Thomas Boyd. Checks for sponsored agreements on the Ag campus should be sent to the appropriate Ag Administration office who will forward to SPA. Please include documentation with the check, identifying as much information as available, such as the LSU account number, principal investigator name, proposal number, and a name and phone number to contact if necessary.  

Request for Tentative Account Number (AS494)  
Please note that the PI’s name listed on the AS494 should be their official name. Do not use nicknames or initials on the documentation so the correct persons can be identified when setting up the award/grant information in SPA.  

Pre-award costs should not be requested until after the award is made to the University. If the begin date on the tentative request is before the begin date in the award, a request for pre-award costs can be submitted if permitted by the award.  

As a general rule, expenditures on sponsored agreement accounts should occur consistently throughout the life of the sponsored agreement. Keep this in mind when requesting cost transfers or purchasing equipment at the end of the sponsored agreement.
These costs may be questioned and/or disallowed in an audit.

**Cost Sharing**

If a cost sharing grant needs to be established for an existing award, please notify Kristy Donald @ kdonald1@lsu.edu.

If you add/change cost sharing on someone who has already certified their effort, please notify SPA at effortassistance@lsu.edu to cancel and regenerate the effort certification for the employee.

**Shredder**

Accounting Services has an industrial-sized shredder located on the 4th floor of Thomas Boyd Hall that departments can reserve. To reserve the shredder, please send an e-mail to Brenda Wright at bwrigh4@lsu.edu or Desiree Esnault at desnault@lsu.edu. The e-mail should include the day and time of your requested appointment. In an effort to allow all departments across campus to utilize the shredder and maintain the work flow internal to our office, we have limited the use to 2-hour increments. Appointments can be made for 8:00 to 10:00 am, 10:00 to 12:00 pm, and 1:00 to 3:00 pm. If a department is more than 15 minutes late, the appointment may be rescheduled. If a department has a project that includes a large amount of paper to be shredded and a timeline to abide by, we will do our best to accommodate. Any departments using the shredder will be trained on how to safely operate the shredder, clean the general area, and proper disposal of the bags of shredded paper. Note that the shredded bags of paper must be transported to the dumpster outside T Boyd & LSU Library and can be fairly heavy when being moved. Also, due to budget constraints, departments with a large amount of shredding may be required to purchase and replenish shredder bags and oil. Note: this equipment does not dispose of microfilm or microfiche -it is intended for paper only.
