Education

Ph.D. Candidate, Agricultural Economics (2015- present)
Louisiana State University, Baton Rouge, LA

M.S., Agricultural Economics (2015 - 2018)
Louisiana State University, Baton Rouge, LA

M.S., Plant Health (2012 - 2014)
Louisiana State University, Baton Rouge, LA

B.S., Agricultural Science (2006 - 2010)
Institute of Agriculture and Animal Science (IAAS), Tribhuvan University, Nepal

Area of Specialization

Agricultural Economics
Plant Pathology and Crop Disease Management

Professional Experience

Graduate Research Assistant (January, 2015- Present)
Department of Agricultural Economics and Agribusiness
Louisiana State University, Baton Rouge, LA

Graduate Research Assistant (May, 2012 - December, 2014)
Department of Plant Pathology and Crop Physiology
Louisiana State University, Baton Rouge, LA

Exchange Visiting Scholar (February, 2012 - April, 2012)
North Florida Research and Education Center
University of Florida, Quincy, Florida

Plant Protection Officer (December, 2010 - December, 2011)
Society for Environment Conservation and Agricultural Research and
Development Nepal, Kathmandu, Nepal

Research

Impacts of Labor Policy Changes on Louisiana Seafood Production.

Survey for data of local neglected and underutilized crops and analyze their contribution in food and nutrition security of Chepang communities in Chitwan district of Nepal.

Detection and characterization of *Didymella bryoniae* and *Phoma* spp. that causes the gummy stem blight in cucurbits.

Characterize a σ^{54} -dependent response regulator, *tepR*, in the rice-pathogenic bacterium *Burkholderia glumae* and develop biocontrol strategy for disease management of rice bacterial panicle blight.
