Guidelines for Doctoral Application

Priority Deadline: February 1st
Applications Received After March 1 reviewed if space available

Deadline Dates
- In order to be considered for admission to the Ph.D. program, applicants who are requesting funding must apply to BOTH the LSU Graduate School and the School of Social Work by February 1st. Although the Graduate School has a later application deadline, the School of Social Work requires that all applicants apply to both by the February 1st date. The Graduate School application can be obtained by visiting their website at www.gradlsu.gsu.edu or by calling 225-578-1641. Applications received after March 1st will be considered on a space available basis.

Recommendations
- The School of Social Work has its own reference forms with a twenty item rating scale that the recommender is asked to use when rating the applicant.
- It should be noted that it is the applicant’s responsibility to ensure that all letters of recommendation have been completed and sent to the School of Social Work. Files that are incomplete and are lacking any piece of the admission materials will not be considered.

Plan of Doctoral Study
- The School of Social Work has a number of items that need to be addressed in the Plan of Doctoral study. The Graduate School has a section on their application that asks for a program of study/personal statement. Simply attach a copy of your Plan of Doctoral Study. The Graduate School will not read this; they simply forward your paperwork for Social Work to review.

GRE
- The GRE general test must be taken and official scores received by the Graduate School in order for an application to be considered. Please keep in mind it may take two to four weeks for official GRE scores to be sent from the testing service to the LSU Graduate School.
- The PhD Admissions Committee reviews and considers the Verbal and Quantitative scores of the revised GRE test. Applicants scoring below the 50th percentile on either section (a score of approximately 150) are encouraged to re-take the test.

Status of Application
- The School of Social Work will notify applicants via email once Social Work has received all application information. Although we will keep applicants updated on the status of the application, applicants who apply near the priority deadline date may not have the opportunity to be notified that documentation is missing.
- The Graduate School has an on-line process for checking the status of Graduate School applications. Please note that the Graduate School and School of Social Work are different. Simply because the Graduate School has documents does not mean that Social Work has documents. It is imperative that the School of Social Work have all documentation for a file to be considered for admission.
- Applicants will be informed via US mail of our admission decision by mid-April.

International Applicants
- LSU’s International Services is primarily responsible for providing immigration advisory services to international students regarding their educational, financial, immigration, personal and social concerns in relation to their status in the US. International applicants are referred to the LSU’s International Services website at http://www.oip.lsu.edu/iso/ for critical information about admissions, immigration forms and procedures, and preparation for and travel to LSU. Please review the International Services page containing Frequently Asked Questions.

Plan of Doctoral Study Instructions

Priority Deadline: February 1st
Applications Received After March 1 reviewed if space available

The Doctoral Admissions Committee considers your Plan of Doctoral Study to be a major part of your application. All members of the Doctoral Admissions Committee will independently read your application, Plan of Doctoral Study, Letters of Recommendation, and other admissions materials. Although factors such as grade point average, GRE score, and work and volunteer experiences are important; who you are and why you want to enroll in a doctoral program are of particular interest to program faculty.

Instructions: Please respond to the questions listed in the four broad areas below. The length of your plan should be approximately 4-6, double-spaced, typed pages (about 2,000-2,500 words). Your name should appear in the upper right hand corner of each page. Do not use report covers or folders.

1) Describe your career goals in social work and how a Ph.D. in social work will further those goals. Please state whether you plan to enroll on a part-time or full-time basis. If you plan to enroll full time, please clarify whether you hope to receive funding from the School and whether you plan to work part or full time while enrolled. Describe any relevant financial supports in place to assist you.

2) What are your areas of interest and your ideas for research? If you have plans for dissertation research, please describe them. Identify any faculty members that share your area of interest(s). Faculty information can be obtained at www.socialwork.lsu.edu.

3) What are your professional/scholarly areas for improvement, as you perceive them? Please describe your professional/scholarly strengths and abilities that you think will serve you well as a doctoral student.

4) Please supply the Admissions Committee with one sample of your professional/scholarly writing that best illustrates your capacity for analytic and critical thinking. The sample may include a paper previously written as an undergraduate or graduate student. Briefly describe in your Plan of Doctoral Study why your selection of writing is representative of your capacity for analytic and critical thinking.
