Encounter Engineering (E²) Bridge Camp Activity Descriptions

Business Etiquette	get advice on how to dress for interviews and how to interact with faculty/staff/engineering professionals
CxC Presentation	learn about LSU's Communication Across the Curriculum (CxC) program and how to make a poster to showcase your design project; the best posters will be displayed at the Industry Lunch
Degree Discovery	meet faculty in each department and gain insight into the different majors offered in the College of Engineering
E2+ Gulf Coast	Extended program option for 32 students to travel in the Gulf Coast region to several industry and research sites; separate registration required with additional fee (see flyer for more information)
Engineering Design Project	work with your team on a project incorporating engineering concepts and design; you will work on your projects throughout the week culminating in a competition at the end of camp
Engineering Mini Challenges	compete in fun engineering-inspired activities to bring out your creativity and team spirit
How to LSU	get LSU insider information from current students and our Career Coach such as: time management, making your 4-year college plan, Moodle tips, accessing TigerLink to join student orgs, and other resources
Industry Lunch	network with engineers, computer scientists, and construction managers at a business luncheon
Math Refresher	take courses led by faculty from LSU's Dept. of Mathematics to prepare you for your first semester of math
STEP Up Your College Career	learn about ways to enhance your degree through academic minors, study abroad, research opportunities, etc.
Student Org Showcase	get involved by meeting officers from the wide variety of student organizations in the College of Engineering
Study Tips	improve your study techniques and test-taking skills with activities from LSU's Center for Academic Success
UREC Team Building	get to know your team and student leaders through fun activities led by University Recreation staff
Bengal Bound (not part of E2)	welcome week for incoming freshmen from August 12-18 to increase campus & community/global engagement, to further develop academic & personal skills, and to learn LSU history & traditions
