**V. New Business**

- a. ILC Assessment Report 2022-2023 – [attached to email]

Discussion about the meaning of the data in the report and what we can glean from it.

Perhaps we need more time to have more data, more years, to analyze.

ILC only assesses one small portion of a course, not the entire course. So course grade and percent of students meeting the ILC targets are not necessarily correlated.

What can we gather from student evaluation responses to the ILC specific questions?

- b. ILC Course Review Template – [attached to email]

Discussed template in preparation for reviewing the first set of courses.

Goal is to have the form be completed online with sections 1 and 2 already completed. Section 3 is to be completed by the course coordinator only if changes are being requested.

Goal of review: is the course doing what it said it would do and what was approved by the committee?

Should we get rid of the 80% overall target? Each course has its own target set. There was a suggestion that rather than the set target, the committee would receive a list of which courses did and did not meet their set target.

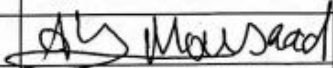

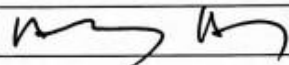

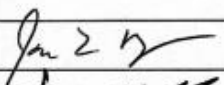

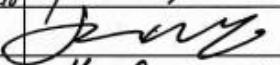

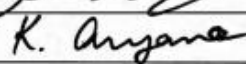

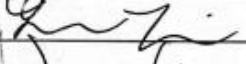

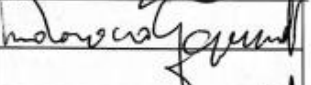

- c. Nominations for ILC Committee Chair and Vice Chair for 2024-2025

Next meeting, vote on chair for 2024-25.

Adjourned at 12:55.
